

## Directions to the flying field in Lawford.

The postcode for the locality is CO11 2JY. This is for the lodge that is 40M from the entrance to the field.

Dedham Road is off the A137 Colchester – Manningtree – Ipswich road. From the Colchester direction you will pass through the Lawford Growers Assoc. small holdings and the collection/distribution centre that is next to the Foxash football field. After 1 mile and just in to the 30mph restriction Dedham Road is off to the left just after a farm that sells fresh fruit and veg. If you miss the turning carry on past the pub to the next left at the top of the rise which is the safest place to turn around.

From the Ipswich/Manningtree/Harwich direction you will come to a mini-roundabout with a Jet filling station off it. Proceed towards Colchester, the road dips and rises with The Kings Arm's pub at the top of the rise, Dedham Road is 50M past the pub on the right.

The grass access lane to the field is about  $\frac{1}{4}$  of a mile down Dedham Road on a tight left hand bend through some battered metal gates. Drive carefully down the lane until the lane dips a bit then turn left in to the field through another metal gate. Go left in the field and drive up the slope.

There should be F3K signs by the turn in to Dedham Road and the lane to the field.

The Jet garage is the nearest place to buy food and drinks etc.
